To Whom it may Concern,

We are pleased to provide a reference for Ikore International Development Limited, a sub-implementing partner, providing embedded Project Management Support to Sa'l'Anwara'l'Jumai Consultaire Limited (SCL) on Project Juriya which is being implemented in partnership with Mastercard Foundation.

Ikore was identified and selected by Mastercard Foundation to provide organizational capacity support to SCL to expand its operation, governance framework, and overall management of the programme to deliver on its objectives whilst complying with best practices in safeguarding and risk management.

Ikore has been actively involved in Project Juriya, offering invaluable expertise and support throughout the inception and implementation of the project. Their dedication towards achieving the project's overall goal is commendable. One of the key strengths of Ikore's involvement in Project Juriya is their exceptional capacity-building services.

SCL is satisfied with Ikore's support and is pleased to work alongside them in executing Project Juriya. Their professionalism, commitment, and collaborative approach is contributing towards the project's success.

It is without hesitation that we recommend Ikore International Development as a reliable and competent partner in any development initiative.

Should you require any further information or have any questions, please feel free to reach out to me.

Sincerely,

Abiola Ebohen
